

sparkle

**solutions**

Sparkle provides solutions to fulfill your complete laundry and appliance needs.

# solutions

*"Sparkle is unique because of their ability and willingness to provide complete solutions that improve my bottom line."* Derek Ballantyne, CEO, Toronto Community Housing Corporation

## Increased Safety and Efficiency

Sparkle's turnkey proposals assist in reducing vandalism and improving safety. Eliminating coin boxes dramatically decreases the chance for theft. Our service technicians are fully trained to keep our equipment operating efficiently, and through our work-order call system, can be at your location within 24 hours.

## Decades of Experience

Sparkle currently distributes, manages and services laundry machines to apartments, condos and housing developments throughout Canada. Sparkle's management team offers decades of experience as builders, developers and property owners.

## Improved Occupancy and Rental Rates

At Sparkle Solutions we've proven that renovated laundry rooms not only improve your occupancy levels, but also help increase your rental rates. Sparkle is committed to ensuring your residents utilize and take pride in their facilities.

## Superior Service

At Sparkle, exceptional service underpins our solution-oriented approach. We pride ourselves in providing the best available laundry room development and maintenance, and timely deliveries for new homes, condominiums and apartments. We work hard to ensure that each and every project runs smoothly and on time. When experience and service excellence matter, we are ready to help with seasoned staff, the latest technology and guaranteed competitive prices.

## Laundry Revenue Share

Sparkle Solutions provides a revenue sharing package that transforms your laundry facilities into a profit centre, through our leading-edge, energy-efficient machines and revenue solutions. Sparkle understands and adapts to landlords' needs: from energy conservation to technical services, to maximization of laundry income.

## Appliances

From washers to dryers to fridges and stoves, Sparkle Solutions is a major supplier of brand name appliances from industry-leading manufacturers. We leverage our economies of scale and our experience as property owners, builders and developers to secure competitive appliance prices and provide superior service.

## Custom Renovations

Sparkle Renovations Inc. brings decades of experience to professional construction services. We begin by assessing your laundry room needs on a turnkey basis, giving you straight answers to issues from plumbing, to energy conversion and everything in between.

Sparkle provides full or partial laundry refurbishments that will ensure residents have an excellent laundry room experience and landlords achieve optimum revenue at the lowest possible cost.

SparkleExpress™ is the new state-of-the-art card payment system for pay-per-use laundry services. SparkleExpress™ is the most hassle-free and reliable laundry system available.

## Energy-efficient Conversions

Sparkle's management team works diligently with major energy distributors to unlock the significant cost savings inherent in electric-to-gas conversions. We continually study the benefits of converting energy sources, and provide customized, detailed solutions for our customers.

## Transparent Audit and Reporting

Sparkle is the easy, profitable way to operate pay-per-use laundry services. We provide our equipment under a sophisticated, fully transparent system that ensures money is shared fairly, accurately and reliably. Property managers can opt for either coin-operated machines or laundry systems that use our state-of-the-art SparkleExpress™ card-reading technology. Either way, Sparkle will be a credible, trustworthy and hassle-free service provider.

A Sparkle solution: laundry room renovations, qualified service technicians, energy efficient appliances, theft reduction, increased revenue and resident satisfaction.

*"With a thorough assessment of laundry room needs and cost-effective renovations, Sparkle offers customers the opportunity to install cost-saving natural gas solutions."* Adrian St. Kitts, Program Manager, Business Markets, Opportunity Development, Enbridge Inc.
